SUMMARY

General Dentist with 43 yrs of experience in Comprehensive Dentistry in the DFW Metroplex.

By focusing on family, community, and integrity, I have earned lifelong generations of patients, many who followed me from my 27 years in Irving, to my Grapevine practice in 2007. I sold my practice 4 years ago and have completed my contract in DFW. I now live in NW Austin with my wife, Dina.

CURRENT PROFESIONAL GOALS

- To engage in part-time employment as an Associate Dentist in Austin or it's surrounding suburbs.
- To work as a Locum Tenens dentist with an upbeat team of qualified auxiliary staff, helping me to be an effective "plug and play" dentist for Senior Dentists or Associates looking to take time off for C.E., Vacation, Maternity Leave, or unforeseen circumstances.
- To continue to learn from younger professionals, as well as those who have come before me.

EDUCATION

Baylor College of Dentistry

Dallas, TX

1981

Doctor of Dental Surgery

University of Texas

PERSONAL

Dina and I have two children. Grayson graduated from Nebraska, and Jillian graduated from U.T. Austin and SMU. We enjoy travel, hiking, sailing, working out, and riding my Burnt Orange Harley in the Hill Country and beyond. I would describe myself as a football junkie and enjoy playing competitive flag-football. In keeping with my desire to be near the gridiron, I have protected over a thousand student-athlete's teeth and brains for the last four decades, by providing custom-fitted mouthguards for the varsity teams at Southlake Carroll, Grapevine, Denton Guyer, Denton Ryan, Coppell, Irving MacArthur, and Irving High schools. Those years have been very rewarding from both a personal level and a professional level, as Sports Dentistry helped my dental practice grow and thrive.
